

ZXCH STUDIO ADJUSTABLE DUMBBELL SET

SKU: ZXCH-D200

PRODUCT
DESCRIPTION

D200 Dumbbell Set, adjustable by design, consists of four 0.5kg and sixteen 1kg weight plates, two 1kg handles, and one storage rack.

Each dumbbell can be easily assembled to weigh from 1kg to 11kg in 1kg increment. The metal handles are slip proofed with delicately buffed grain texture, the metal plates integrate the shapes of square and circle in contrasting black and silver, and the whole storage assembly is arranged in an artistic fashion that fits in nicely with any furniture in any room.

- High quality PU wrapped weights provide lasting looks and durability
 - Quick change design
 - Neat and easy storage

Why is this priced higher than most normal dumbbells?

- **It uses Uthrene rubber coating which is smooth, odourless and lasting**
- **It is designed to integrate well with the interior design of the house**
 - **It is adjustable to different weights**
