

VIGOR 20KG QUICK ADJUSTABLE DUMBBELL (2 TO 20KG)

SKU: V-FLEXBELL20

PRODUCT DESCRIPTION

Video is only for reference to illustrate how the dumbbell work.

- The Flexbell offers a space-saving solution to gym designs where a full dumbbell set would take up too much room, but freeweights are a 'must-have'.
- For those of you on the lookout for a full strength training solution for a home gym then this is the answer!
- Combined with a lightweight folding gym bench, dumbbells are about as versatile as you can get and offer the ability for a total body workout.
- Whether you're looking for a compact dumbbell set to use at home; or a sleek weightlifting solution for your yacht or villa abroad, the Flexbell Adjustable Dumbbell Set is the perfect product for you.
 - 20kg Weight Range: 6 levels 2-4-8-12-16-20
- Optional dumbbell Stand (self assembly) for holding the dumbbells at elevated height for easy usage.

BENEFIT

Quick & Easy Weight Change

With just a turn of your wrist you can change your weight setting. Can change between 2 - 20kg

Feels Just Like A Normal Dumbbell

Our TwistLock Technology provides you with a natural dumbbell feel. There is no large clunky handle and permanent support system. As you go down in weight the dumbbell gets smaller in size thanks to the interior rod locking system.

Saves Money & Space

With weights ranging from 2 - 20kg, with a durable construction and a modern, light-weight aluminum cradle. It's a great way to get a real workout with real results – all from a smart, compact design.
