

NORDICTRACK GX 4.5 PRO UPRIGHT BIKE

SKU: NTEVEX77020

PRODUCT DESCRIPTION

Reignite the excitement of your at-home workout with the NordicTrack GX4.5 Pro Exercise Bike. Replicating a real-life ride, its 9.5kg Inertia Enhanced Flywheel offers a smooth riding motion with 1-25 levels of digital resistance to test your fitness. You will be sitting in comfort thanks to its oversized cushion seat and extra-wide ergonomic pedals. A 5in LCD screen displays your stats to keep you pushing until the very end of your workout. Ideal for all fitness levels whether you are looking for some light exercise or duplicating a spin class, the bike features Autobreeze mounted fans to keep your body temperature under control as you heart rate increases. With front-mounted wheels, easily lift to store in between sessions. Rediscover the passion for cycling at home with the NordicTrack GX4.5 Pro Exercise Bike.

BACKLIT LCD

Track your total calories burned and your workout progress on an easy-to-read backlit display. See your progress on a visual, quarter-mile racetrack.

Wear your own Bluetooth Smart chest strap for a continuous heart rate reading to help you stay in the right training zone for your fitness goals.

ABOUT NORDICTRACK

NordicTrack is the most popular brand of fitness equipment in the world. It is sold in more than 70 countries in the world. Several reputable outlets have many good things to say about NordicTrack fitness equipment. Foremost among them is Runner's World, one of the largest communities of runners online.

NordicTrack is owned by Icon Health & Fitness, a company located in Logan, Utah. Icon Fitness is the largest manufacturer of fitness equipment in the world and owns other popular brands such as Proform, FreeMotion and Gold's Gym.

PRICING

Why is there a big price gap between equipment sold in USA and Singapore?

Being their Singapore distributor, we are subjected to a higher price when we bring in the products. This is the reason why our prices are closer compared to other countries like Canada, UK, Australia.

However, we offer Free Assembly which is a value added service which no other NordicTrack agents provide.

RESEARCH AND DEVELOPMENT

NordicTrack's mission is to be the world leader in home fitness equipment!

To achieve this goal, over \$15 million dollars are invested in research and development each year,

more than any other home fitness equipment manufacturer.

What makes NordicTrack products unique? Innovation and Technology.

Combined with over 25 years experience in listening to the consumer and feeding new ideas to the development team, NordicTrack products stand out amongst the competition with advanced features and ergonomics.

Our products come to life from a concept or idea from our US design team. From a simple diagram, samples are produced and then undergo further development in conjunction with professional personal trainers like Jillian Michales, coach from TV's The Biggest Loser.

The final phase is incorporates both real life and mechanical testing to ensure the products are sturdy, intuitive and comfortable to bring you the results and quality you expect.

NordicTrack continues to refine and improve their products to ensure that they are always at the forefront of innovation, allowing NordicTrack to consolidate its position as leader in the fitness market.
