

VIGOR MINI GYM STATION S1

SKU: PK160B

PRODUCT DESCRIPTION

Assemble in 60 seconds.

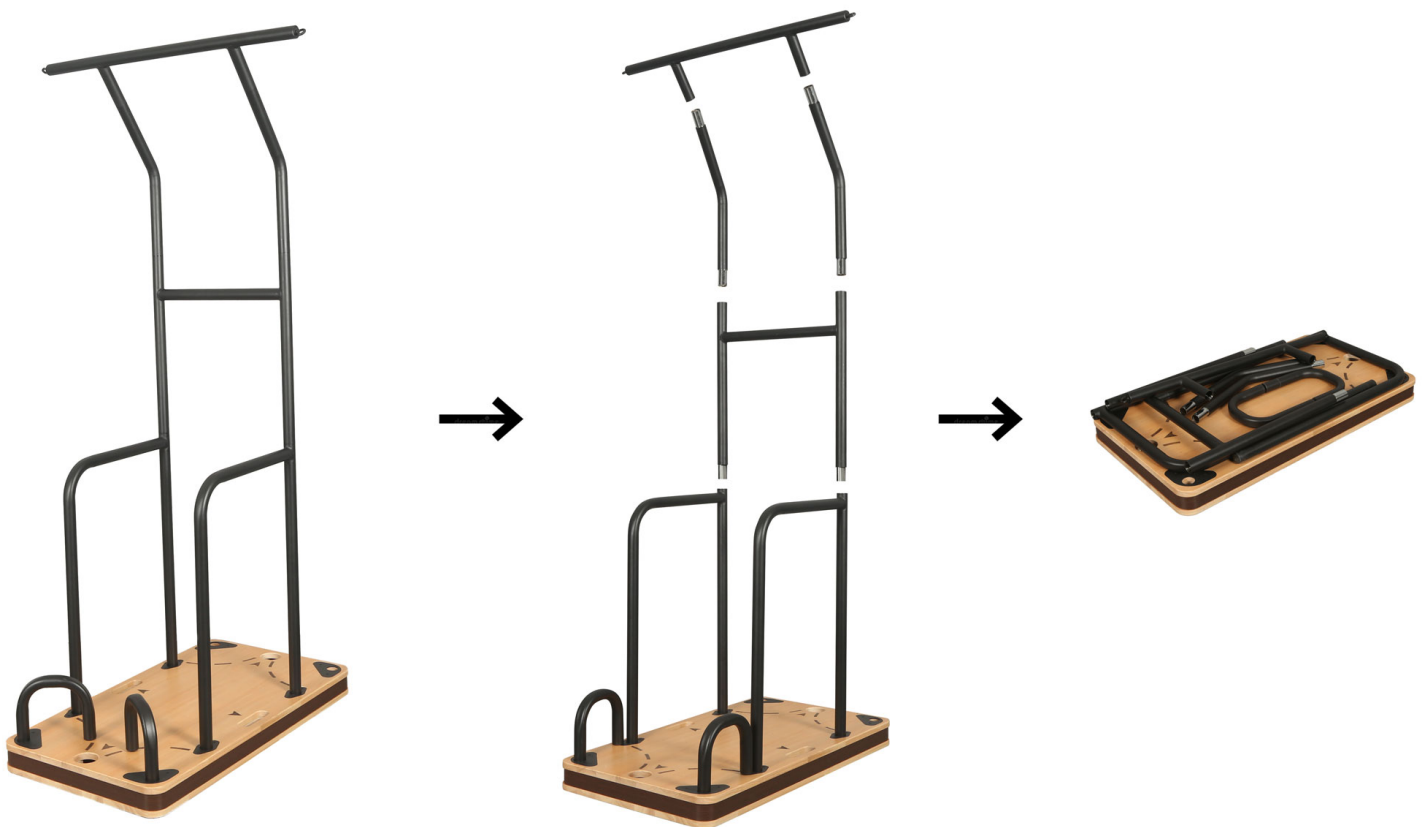

Endless exercise options.

Easy break-down and storage.

The Vigor Mini Gym Station S1 starts with the patent-pending modular base design. It's high quality and extremely durable with a combination of wood and steel.

The steel bars included with the base can create a number of different setups from a full-sized pull-up bar to dip bars, pushup handles, and more. Assembly requires no tools and was made to be easy for anyone, with the bars being simply get slotted into place.

When fully setup, the Home Gym is very stable and durable for weight up to 300 lbs.

Easy to setup

It should take you less then a minute to go from one setup to the next. It's real simple. Every piece of the Home Gym simple clicks into place and unclicks when you're ready to take it apart. No tools are required.

Functions

- Chin up bar
- Vertical leg raise
