

FORCE USA F50 ALL-IN-ONE TRAINER (DISPLAY SET)

SKU: C-F-F50-V2

KEY FEATURES

THE ULTIMATE COMPACT TRAINING SOLUTION

The Force USA® F50 All-In-One Trainer packs a serious punch for anyone looking to make huge gains in their strength fitness training.

With unmatched versatility, performance and comfort, you can complete over 50 unique exercises. Force USA is continuously elevating its equipment by incorporating the latest technology combined with cutting-edge materials so users like you get the most benefits. Your Adjustable Low Row Footplate attachment will deliver stable, non-slip foot support and a greater range of motion when performing seated rows.

HUGE RANGE OF INCLUDED ATTACHMENTS

The Force USA® F50 All-In-One Trainer comes equipped with a wide range of attachments including:

- Smith Machine Fixed Barbell
 - Front Safeties
 - J-hooks
 - Tricep Rope
 - Lat Pulldown Bar
- Adjustable Nylon D Handles
 - Landmine Attachment
 - Dip Handles
- Bicep/Tricep Pushdown Bar
 - 8 Link Chainset
 - Foam Knee Support
 - Low Row Footplate

SMOOTH, SUPER QUIET CABLE SYSTEM

No full-body workout is complete without jumping onto your favourite cable exercises. With a 2:1 ratio, the plate-loaded pulley system on your F50 All-In-One Trainer has a loading capacity of 110kg (each side) so you can perform a huge range of exercises.

The 2000lbs aircraft rated cables are also fitted with high-grade commercial sealed bearing pulleys for a quiet, smooth motion to really target and isolate your upper body muscles.

SAVE ON SPACE AND MONEY

Why spend more on individual gym pieces that take up extra room when all of your strength and fitness goals are taken care of with the F50 All-In-One Trainer?

Perfect for anyone who has a garage or studio gym set up, this all-in-one-trainer allows you to save space with its compact footprint (210cm (W) x 175cm (D) x 232cm (H)) and not have to buy single pieces of equipment.

Your storage needs are also taken care of with extra room for your weight plates, barbells and J-hooks.

REDESIGNED MULTI-GRIP CHIN-UP BAR

Your ergonomic multi-grip chin-up/pull-up station has been redesigned and includes a massive 300kg / 661lbs weight rating. Grip positions include wide-grip, close grip, underhand, overhand and a stack of other varied movements to build strength and muscle mass.

TESTED BY ELITE ATHLETES AND WEIGHTLIFTERS

The Force USA research and development team continues to push the boundaries with every new product.

Athletes, trainers, and serious weightlifters rigorously test every piece of equipment and provide constant feedback on performance and safety.
