

FORCE USA MULTI GYM PRO 2

SKU: F-HGPRO2

KEY FEATURES

DYNAMIC MULTI-STATION VERSATILITY

If you're looking for a versatile home gym the entire family or studio clients can use, look no further! Force USA's commercial-quality Home Gym Pro 2 comes equipped with a state-of-the-art Chest Press machine that doubles as a Row Machine.

You'll find a Lat Pulldown Bar above your head attached to the weight stack offering a range of lat exercises, with an added Leg Curl attachment fixed to the seat. Station Two contains a fully adjustable Leg Press that allows you to perform your favourite leg exercises.

EASILY ADJUSTABLE 90KG WEIGHT STACK

The 90kg pin-loaded weight stack offers adjustable resistance to satisfy all your weight training needs. Go from 4.5kg to 90kg (10lbs-198lbs) in just a few seconds with the easy-to-use pin selection.

This feature creates smooth adjustments between sets and different exercises, while the high-quality steel shrouds around the weight stack provide added safety and durability.

SMOOTH, FULLY ADJUSTABLE CABLE SYSTEM

The 2 adjustable cable arms have 10 unique settings so you can adjust them based on your favourite cable exercises. The carabiner at the end of your cable arms also allows you to easily swap accessories depending on your workout.

The 2000lbs aircraft rated cables are fitted with high-grade commercial sealed bearing pulleys for a quiet, smooth motion to really target and isolate your upper body muscles.

Cable Attachments included:

- 2 x D Handles
- Lat Pull Down Bar
- Ab Strap

SAVE ON SPACE AND MONEY

Why spend more on individual gym pieces that take up extra room when all of your strength and fitness goals are taken care of with the Home Gym Pro 2

Perfect for anyone who has a home or studio gym set up, this multi-functional home trainer allows you to save space with its compact footprint 166cm(L) x 165cm(W) x 203cm(H) and not have to invest in single pieces of equipment.

CUSTOMISED FOR ALL USERS

The Home Gym Pro 2 delivers an exceptional range of motion and full adjustability to suit all user heights and weights. The seats on the Lat Pull Down and Leg Press stations are adjustable to ensure that you are performing exercises at the optimal range of motion. The sturdy and versatile home gym will take all the unnecessary stress out of your exercise routines, providing a convenient and enjoyable in-home experience.

BUILT TOUGHER THAN THE REST

The Force USA® Home Gym Pro 2 features steel, laser-cut, robotically welded frame construction and a tear-resistant seat fixed with deluxe upholstered cushioning so that you can experience ultimate comfort and durability. The thick padded backrest and seat provide ample support during those tough reps and help you maintain consistent form.

FROM THE NUMBER ONE NAME IN FITNESS EQUIPMENT

Force USA has once again designed and engineered a superior piece of strength and conditioning equipment with the Home Gym Pro 2.

Like all Force USA products, your multi-functional home Trainer is built tough and comes with a Lifetime Structural Warranty.
