

REEBOK JET 100+ TREADMILL

SKU: RVJF-20121BKBT

PRODUCT DESCRIPTION

JET 100+ SERIES TREADMILL

Designed for home cardio training, the Jet100+ creates effective workouts for any level. Fitted with signature Air Motion Technology, the running deck cushions each stride to reduce noise and joint stress. Reaching 16 kph across 12 incline levels, the 100+ is fit for all training styles. Controlled through a 6 window display, the console's 24 pre-set workouts help challenge your fitness with built-in speakers to enhance your run.

Compatible with the Reebok Fitness App

2 HP Motor - 16 KPH Max. Speed

5 Window LED + Profile Chart

12 Power Incline Levels

Quick Speed & Incline Keys

Air Motion Cushioning

MP3 Input with 5W Speakers

QUICK ADJUST CONTROLS

Quick adjustment buttons (speed/incline) are conveniently located at the handles for easy control of the treadmill.

12% INCLINE CONTROLS

Reduce impact on your joints and burn more calories with incline training. Take the deck up to 12 percent incline with just the touch of a button.

ANTI SLIP SIDE RAIL

Large anti slip foot pads prevent accident by allowing users to get out of the treadmill safely.

AIR MOTION CUSHIONING

Air Motion Cushioning Technology minimises wear on your joint by reducing the impact while running.

FOLDABLE

Soft drop hydraulic folding mechanism allows quick and easy space-saving storage.

BLUETOOTH ENABLED TECH

Kinomap compatible – run real-world routes, challenge your friends and analyse workouts.

Reebok App – track and monitor your training, recording key stats such as distance covered, calories burned and average pace for both live feedback and post-workout analysis.

Easily folds away to save space
when not in use

LARGE 130 (L) X 43 (W) CM RUNNING AREA

For a larger range of running strides

BUILT-IN TRANSPORT WHEELS

Making it easy to store after use

At the heart of the Jet 100+ Treadmill sits a solid 2 HP motor, delivering quieter and more durable performance with speeds up to 16 kph to push your stamina. Providing you with 12 levels of power incline to intensify your runs, the 100+ delivers a host of both pre-set and custom workout functions to develop your fitness regime. With 24 motivational programmes built-in, you're able to get running straight away whilst the target functions help to tailor your runs. Complete with integrated Air Motion Cushioning Technology, the uniquely designed pod structure transfers air through its eight sections to offer you support where it's needed - resulting in smoother and less abrasive exercise.

Delivering detailed real-time performance stats, the clear five-window LED screen + profile chart relays speed, time, distance and calorie metrics including heart-rate info straight from the treadmill's hand pulse sensors. Fitted with a smartphone/tablet holder atop the control console, the Jet 100+ allows you to watch your favourite shows or listen to your training playlists through the integrated 5W speakers.

Compatible with Kinomap, the Jet 100+ Treadmill helps to push your home workouts even further. With a whole host of challenges and scenic motion videos at your disposal, the Kinomap app helps you tailor and track your workouts from your phone, or even compete with your friends in multiplayer mode.

Fitted with an adjustable cooling fan to keep you comfortable whilst you train, the 100+'s console offers a host of functionality for both performance and comfort. Equipping you with quick speed and incline shortcut keys plus simple adjustment buttons, the Jet 100 has all bases covered for effective home cardio. Substantially built for dependable quality, the 100+'s max. user weight of 110 kg validates the treadmills durable design. Complete with a spacious running area of 130 (L) x 43 (W) cm, the Jet 100+ is easy to build with an integrated soft-drop folding mechanism and built-in transport wheels allowing you to train anywhere in the house.
