Making it easy to store after use

Helping you to create more effective home cardio sessions, the Jet 300+ Bluetooth Treadmill hits a top speed of 20 kph with 15 levels of power incline to create more dynamic runs. The flagship product of the Jet+ range, the 300+ uses both the speed and incline within its 28 motivational pre-set workouts, whilst allowing you to create personalized workouts to match your goals through 10 user-defined, three target and three HRC programs.

Equipped with quick speed and incline adjustment via both the handlebar buttons and easy shortcut keys, the 300+ offers sharp training transitions for HIIT, sprint, incline and even steady-state home running. Complete with integrated Air Motion Cushioning Technology, the uniquely designed pod structure transfers air through its eight sections to offer you support where it's needed - resulting in smoother and less abrasive exercise. Integrating the cushioning into its large 150 (L) x 51 (W) cm running range, the Jet 300+ delivers solid and dependable quality in both its structure and tech, resulting in a high max. user weight of 140 kg.

Fitted with an advanced TFT 10.1" touchscreen display, the internet-enabled 300+ treadmill

combines essential performance data with more advanced training programs, hand pulse sensors and entertainment apps. Helping to power your run through Netflix, YouTube, Prime Video, Facebook, Spotify and Chrome*; the TFT console keeps your workouts fresh with a host of dynamic training functions including RealView scenic running routes.

The control console features an adjustable cooling fan, 5W speakers and a built-in media hub; housing auxiliary and headphone ports plus a USB charging station to keep your workouts powered. Also compatible with Kinomap, the Jet 300+ Treadmill helps to push your home workouts even further. With a whole host of challenges and scenic motion videos at your disposal, the Kinomap app helps you tailor and track your workouts from your phone, or even compete with your friends.

Simple to build with easy instructions and all tools included, the 300+ features integrated transport wheels and a soft-drop folding mechanism making for easy storage and maneuverability. Complete with convenient and stylish finish touches, the running machine offers dual water bottle holders and soft-touch handles, further bolstering the treadmill's quality.
