

BODYX MFORC ALL-IN-1 TRAINER

SKU: BK-3087B

WEIGHTS SOLD SEPARATELY

NEW FEATURES that change everything

Adjustable width and height dual cable

Most systems in the market only provides adjustable height, but the Bodyx MForc bring it to a whole new level with adjustable width cables, which:

- Allows full width cable workout while keeping overall footprint small
- Provides better position for bilateral arm workout
- Allows using both weight stack for lat pulldown (Double the weight)
- Provides more variation when using with many cable attachments

UNIQUE CORE SUPPORT ATTACHMENT

The MForc has a world-first interchangeable support attachment that can be fitted on the machine

- Core support Pad helps to stabilise the body and isolate the muscles to work on
- Knee support pad helps to hold you down while doing lat pulldown
- Feet support bar provides leg support for low row

INCREASE INTENSITY USING BANDS

With the included band pegs, you can add resistance bands to your smith machine or half rack barbell to workout without the need for weight plates. Simply add more bands to increase the intensity when needed.

DIP HANDLES

The adjustable dip handles come with 2 different grip width to choose from. You can also perform weighted dips by attaching to the cable system using a dip belt.

ULTRA-WIDE LEG PRESS TO ENHANCE YOUR SMITH MACHINE

Your heavy-duty high tensile steel Leg Press Plate can be easily added to your Smith Machine to change up your workout. This extra-wide plate offers incredible grip and a range of feet positions so you can go wide or narrow during leg press exercises.

BUILD EXPLOSIVE POWER AND A RIPPED TORSO

The Core Trainer is one of the best ways to build explosive power throughout your core while adding a range of rotational torso exercises to your upper body training when used with a barbell. The T Bar Row Handle offers multi-grip positions to really target your lats, traps, biceps and triceps.

MASSIVE 250KG CHIN-UP BAR WEIGHT RATING

Your ergonomically designed multi-grip Chin-Up and Pull-Up station comes with a huge 250kg weight rating. With an ultra-comfortable grip, you can perform wide-grip, close-grip, underhand, overhand and many other positions to build strength and muscle mass. Perform assisted chin up with the included strap attachment.

You can also hook up your resistance bands to the conveniently placed anchor point, helping you power through the toughest sessions.

EASILY STORE YOUR WEIGHTS AND ATTACHMENTS

To keep your workout space safe and organised, the MForc comes with storage for 1 Olympic style barbells, 6 Olympic weight plate holders and hooks for cable attachments.
