VIGOR MULTI FUNCTIONAL BENCH W/ LEG AND ARM ATTACHMENTS

SKU: BK-4026

PRODUCT DESCRIPTION

Fully Adjustable Bench Design: The Workbench's new design provides additional stability and allows users to adjust the seating area and Back Rest Pads to different settings and unlock 30 exercises with just equipment.

Additionally, it includes a height-adjustable preacher curl attachment and a leg extension attachment, offering more exercise options.

MULTI ADJUSTABLE

The bench feature 7 positions adjustments for the backrest and 3 adjustments for seat angle.

Backrest: Go from incline to flat to decline with 75 degree to 0 to -25 degree adjustment angle.

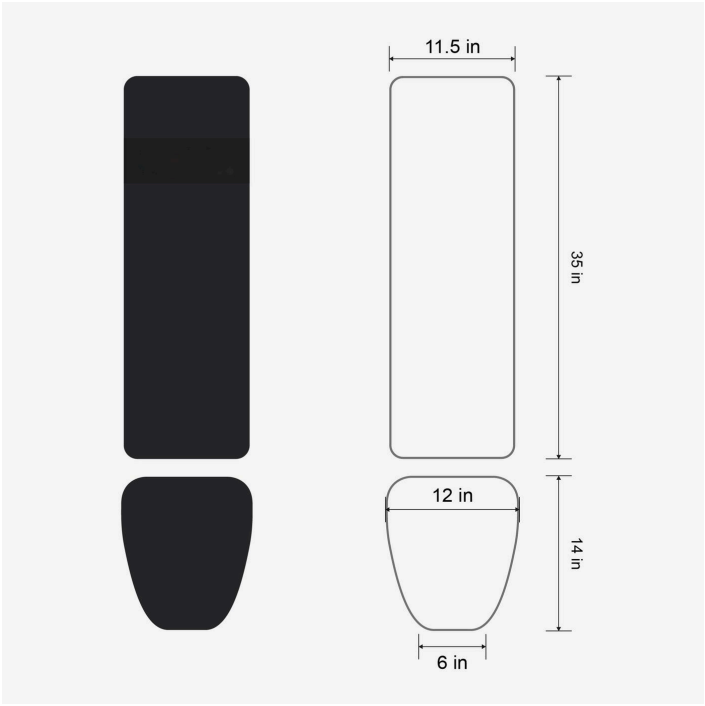

MULTI ATTACHMENT OPTIONS

Leg developer: With the attachment, you can isolate the hamstring and quadriceps during your workout exercises and strengthen your knee and thigh muscles.

Preacher Curl: Height adjustable for isolating the biceps for dumbbell / barbell curls.

Sit-Up Attachment: Allows for a variety of exercises, including sit-ups and other related movements.

THOUGHTFUL DESIGN

Designed with precision and quality in mind, this utility bench offers a sturdy and stable platform for a variety of strength training exercises.

Convenient features like a handle and dual rear transport wheels make it easy to move the bench around your home gym.
