GEN 2 — NOW WITH MAJOR IMPROVEMENTS

Infinity Series - Multi Functional Rack

More for Less.

- More functions for Less Space

Today + Tomorrow.

- Start with what you need today, unlock full features tomorrow

No more guessing games. No more scrolling through dozens of racks wondering which one will actually support the exercises you want down the road.

With the Infinity Series, you make one smart choice now — and it becomes the foundation for everything you might ever need.

Better Stability

Space Saving

Increased Expandability

Start With the Base Rack

A solid foundation designed for strength, stability, and future expansion.

What's Included

- Heavy-duty base unit with 75 x 75 x 3 mm steel frame
 - 1 pair of J-Hooks
 - 1 pair of Spotter Arm
 - 2 x 75kg Weight Stacks Cable System
- Smith Machine System with 1.8m smith bar

- Straight chin-up bar

Options Customization

Choose safety and stability options that match your training style and space.

Pulley Options

- **Default arm with 2:1 ratio**

Adjustable top to bottom for your workout needs

- **Swing Arm with 2:1 ratio**

Adjustable arm up/down/left/right for more flexibility

Combine both outlets in the middle for heavier lat pulldown, low row etc.

Weight Stacks

- **Default 2 x 75kg stacks**
- **Upgraded 2 x 100kg stacks**

Complete your rack

Expand functionality and keep your training area organized.

Storage Options

- **Weight Plate Storage**

Mount directly onto upright holes for convenient plate access.

- **Barbell Storage**

Safely store barbells when not in use to save space.

Add-On Accessories

Upgrade your rack with compatible accessories such as:

- Dip handles
- Landmine attachment
 - Pegboard
- Jammer arms
- And more
