### Upgraded Design!

The Bench is normally the main piece of equipment for any gym. Nothing comes close to Commercial Grade Flat / Incline Bench.

An extremely strong Flat to Incline Bench built above commercial standard. The Commercial Flat / Incline Bench is one of the toughest gym benches in existence.

Solid, compact and effective, the Commercial Flat to Incline Bench is strong enough for gym use, while designed to fit into any home.

The Commercial Flat to Incline Bench is an extremely solid unit and provides the ability to perform your free weight exercises to build a rock solid body! The back rest features high density foam which is extremely comfortable and will not bottom out during your workout, along with fully adjustable back rest you can workout in flat to incline (90 degrees) positions which will help give you many exercise positions for rock solid results!
