Adjust incline easily with the touch of a button on the console or conveniently located on the hand grips

Enjoy your workout while **listening to your favorite music.** Simply plug your iPhone®, Android®, Tablet or MP3 player into the FreeMix Acoustics™ 5.0 Sound System and listen to incredible sound **through two high quality speakers**

In built safety features to ensure your **training is safe and injury free**

**MediaView
Platform**

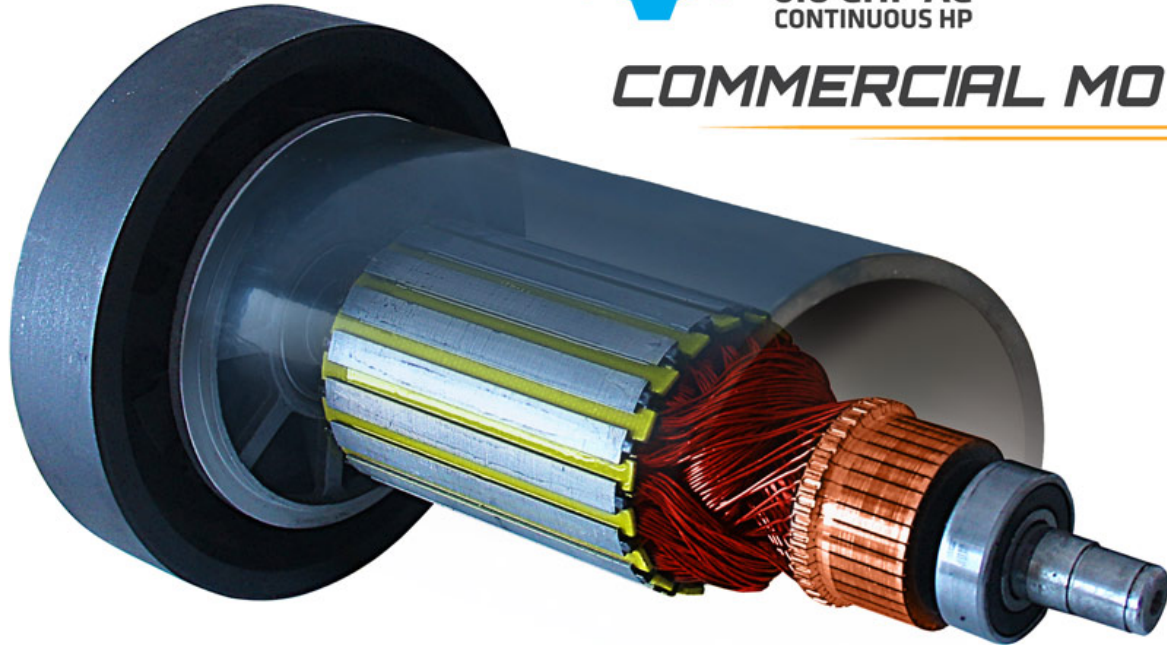

Workout while watching your favorite media.

Simply place your iPhone®, Android® or Tablet onto the MediaView holder coupled with the FreeMix Acoustics 5.0 Sound System and **watch/listen to incredible sound** through two high quality speakers

6.0 CHP AC
CONTINUOUS HP

COMMERCIAL MOTOR

The **treadmill motor** built to outrun the competition

FreeForm's custom HiTorque treadmill motor is the industry leader for build quality and durability. HiTorque's precision engineering and AAA-grade components deliver continuous horsepower to keep you moving towards your goals.

*See the FreeForm website for warranty information

- ✓ Oversized casing to cut noise and vibration
- ✓ AAA Grade copper coils
- ✓ Silent fan-cooled heat management
- ✓ High-grade insulation + sealed bearings
= HiTorque longevity
- ✓ Dual carbon brushes
- ✓ Train worry-free with HiTorque's Lifetime Warranty*

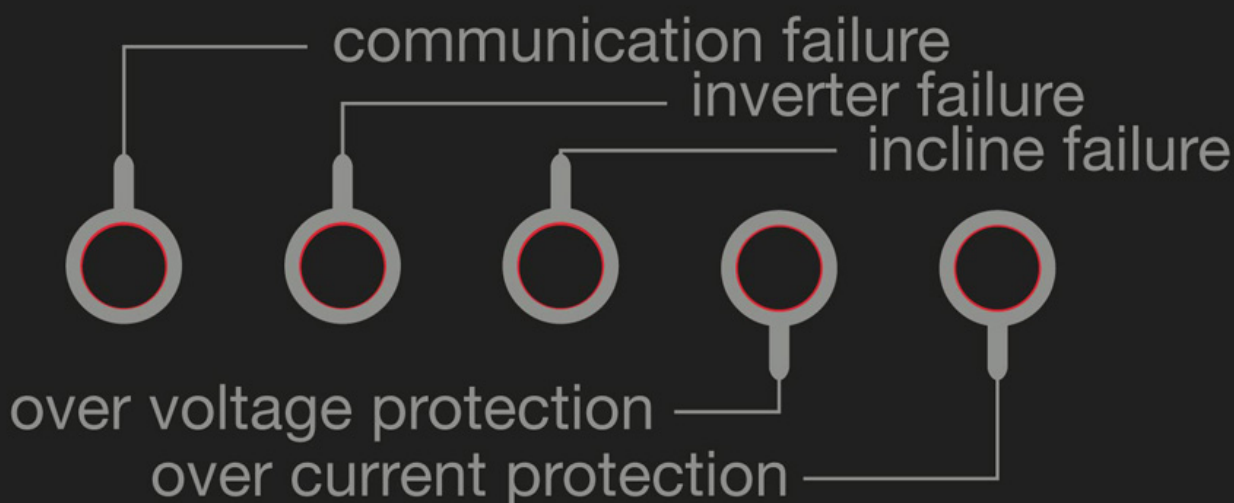

EzyCare
Self Lubricating

No need to service and lubricate your treadmill constantly.

The F2000 is **self-lubricating**.

Typically, you'll only need to refill the storage tank after 3,000 km of running.

**Self
Diagnosis**

Save \$\$\$ in technician fees! The F2000 is equipped with an internal **Self-Diagnosis** constantly monitoring the performance of the treadmill. If a problem is identified, the appropriate indicator light will display the precise issue so it can be dealt with immediately and **minimise any down time**.

This will keep your gym running **hassle free** and at **maximum efficiency**.

2-Ply Commercial OrthoTred Treadmill Belt.
Specially **designed and engineered**
for **superior performance.**

FreeForm Treadmills are designed
to be compact but provide a
wide running surface
so you can **train in safety** and with
no restriction to your running motion

A feature found more regularly in high-end
commercial gym treadmills, the roller
prolongs the life of the tread belt
and **reduces maintenance**
