

FORCE USA LIGHT COMMERCIAL FLAT BENCH

SKU: F-FB01

400kg
WEIGHT RATING

PRODUCT DESCRIPTION

The Force USA Light Commercial Flat Bench has an incredibly strong frame with a massive 400kg weight rating. Enhanced stability with wide frame steel tubing. An extremely strong flat bench for barbell and dumbbell exercises. Chest presses, flyes, bent over rows and core movements can all be performed safely and effectively. An insanely strong flat bench, the Force USA Light Commercial Flat Bench is ideal for use with dumbbells and also barbell training when used with Squat Racks, Power Cages, Smith Machines or Functional Trainers.
