- Max Weight Capacity: 110kg

Magnetic Resistance

An unbelievable stable and quiet training is achieved with the combination of magnetic control and belt transmission. Zero-contact magnetic control protects the knee well by equaling the force bearing area while using exercise bike.

Fully Covered Design

The fully covered body prevents sweat from entering and corroding the core components. It also makes it safer for home with kids.

Adjustable Seat

Adjustable seat on spin bike comes with numbering, which is easy for recording the position and suitable for multiple users.

LCD Monitor

LCD display tracks the distance, speed, time, calories consumption.

Professional Handlebar

Professional integrated handles, which is durable, non-skid and simulate real riding situation.

Transport Wheels

Wheels equipped on the Indoor cycling Bike, which is convenient for moving. Simply tilt and roll out for use or away for storage.

100% Intensity Workout

Infinity adjustable resistance control imitates real riding situation, satisfying all kinds of resistance demand.
